

# Research-Facing Librarian Capability Framework Survey

This survey will collect some contextual information about who has completed the spreadsheet and allow you to upload a copy.

Participation in completing the spreadsheet and survey is voluntary and all confidential responses will be kept securely. The data collected may be reused in other research; this data will be anonymised and no one will be identifiable. By completing and uploading the spreadsheet you give consent for the information you provide to be used within the context of developing a Researcher-Facing Librarian Capability Framework.

---
